

Privacy Policy

Data collection and processing

The European Quantum Readiness Center (EQRC) adopted this policy to preserve the privacy of users and visitors of the webpage quantumready.eu.

Every time a web page or file content of quantumready.eu is accessed, the following data are recorded and saved until regular, automatic deletion:

- Date and time
- IP address of the accessing programme
- Address of our web server
- Accessed file (accessing address)
- HTTP status code
- Volume of transferred data (bytes)
- Referring address, if available
- Browser type, if available
- Operating system

This data is processed for the purpose of enabling use of the website (connection establishment), system security, technical administration of the network infrastructure and optimisation of the internet offering. The IP address is only evaluated in the event of attacks on the network infrastructure of the EQRC website.
